ReSound Vivia

Sound is more vivid than ever
with Intelligence Augmented
– a human approach to AI

MK605910_rA_RS_Vivia_Patient_Brochure_v4

A woman with short, curly dark hair is looking off to the side with a thoughtful expression. She is wearing a vibrant red, ribbed turtleneck sweater and large, clear, multi-faceted earrings. In her left hand, she holds a small, dark, rectangular case, which appears to be an open charging case for earbuds. In her right hand, she holds a small, clear, teardrop-shaped object, likely a hearing aid or a small earring. The background is a deep red with abstract, wavy, concentric lines that create a sense of depth and movement.

natural
hearing**

Bluetooth® Low Energy (LE) Audio & Auracast™

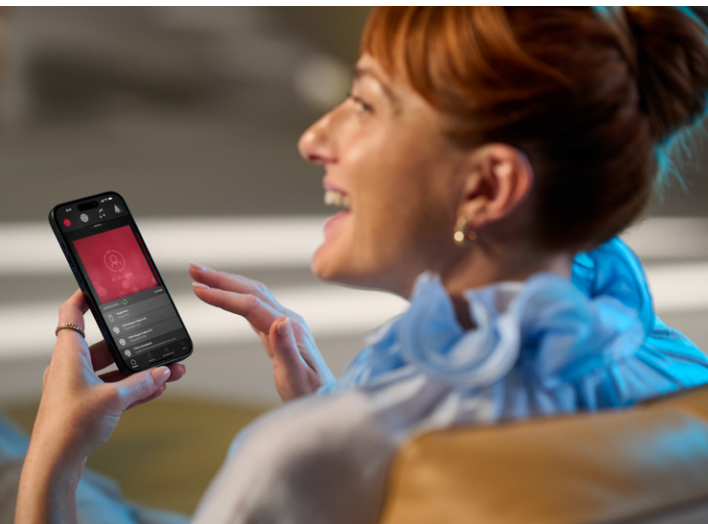

Enjoy future-proof connectivity with the clearest Bluetooth experience ever* and exciting Auracast broadcast audio.

Effortlessly start streaming

Get the clearest all-day streamed sound with low battery drain and a reliable connection* – or tap to pick up hands-free calls from iPhone, iPad and compatible Android™ mobile devices.**

Auracast for all

Use the world's first Auracast Assistant for hearing aids, available in the ReSound Smart 3D™ app, to make your phone Auracast compatible and to access, manage and share audio streams.

All-day comfort and power for your ears

ReSound Vivia hearing aids are built for great wearability. The all-day battery power keeps you going even when streaming.

Near-invisible styles

Enjoy the latest technology in discreet styles. Choose the world's smallest AI hearing aids or non-rechargeable small styles.

Durable design

Each hearing aid has all-weatherproof nanocoating on every part for extra durability and protection.

*Bluetooth SIG

**Hands-free calls are compatible with iPhone 11 or later, iPad Pro 12.9-inch (5th generation), iPad Pro 11-inch (3rd generation), iPad Air (4th generation), iPad mini (6th generation), iPad (10th generation) or later, with software updates iOS 15.3 and iPadOS 15.3 or later. Bluetooth LE Audio works with ReSound Vivia and compatible mobile devices with Bluetooth 5.3 or later. Check compatibility on resound.com/compatibility.

Hear clearly
everywhere with
streamer solutions:
TV-Streamer+
and Multi-Mic+

Our human minds are naturally the most powerful sound processors. ReSound Vivia™ embraces this fact, enhancing your natural hearing intuition and ability to focus on what matters with intelligent hearing aids that are the world's best for hearing in noise.

Empowering you to instinctively decide on what you want to focus on at any given time

Enhancing your brain's natural strengths so you can experience sounds more vividly and effortlessly

Enabling you to be in control of your hearing and determine what is music to your ears

ReSound GN

Learn how to wear your hearing aids correctly, personalize your sound experience, and request assistance from your hearing care professional with the ReSound Smart 3D app.

ReSound is part of GN Hearing. We combine our passion and innovation to help people hear their best. ReSound hearing aids are powered by Organic Hearing™, our unique approach to creating hearing solutions that sound natural, feel natural and connect you naturally to the world.
